

# All Saints C of E Primary School

## Home Learning Policy

November 2010

Reviewed - annually

### Aims and Key Principles.

- As a school we will aim to set home learning that is of value and gives the children ownership of their work and consolidates what they have learnt in school.
- Home learning will be set to prepare children for future learning, to teach them how to time manage and become independent whilst learning.
- Parents are to be encouraged to become more involved in home learning and the tasks that are set are to help provide quality time for parents to help with their child's learning.
- Home learning will encourage the children to apply the skills they have learnt, promote and develop creativity and ensure all abilities are able to participate.

### Home Learning tasks that are set by year group.

<b>Year / Phase Groups</b>	<b>Home Learning</b>
<b>Nursery and Reception</b>	<p>Reading - Once the children are read to read they are issued with a reading book.</p> <p>Home School diary sent home weekly - opportunity to share what the children have been doing outside of school.</p> <p>Half termly task set to start a topic.</p> <p>As and when required active activities such as cooking are sent home.</p> <p>Story Book sent home weekly for the parents to share with the children.</p>
